There is a typo in the link to the tribal consultation policy, but even if I correct the typo it seems like the link goes generally to an EPA tribal webpage. This might be the link we want to use instead - But I'm not sure:

Dino, Melanie and Krista - Thank you for your quick review of the letter and for providing the missing information. I revised some parts slightly so please feel free to take another look.

Barbara – See what you think of this.

Do you know how high this needs to go in Region 5's sign-off chain before it goes to HQ?
